TESTIMONIALS

Orchards' Clinic Completion Letter- M 	Good day My name is Zethemba Dibakwane, I am a Site Agent for Clear Choice Builders. I have worked with M&T Cut and Seal at UJ-Soweto campus, student accommodation project and the service they provided was exceptional. I was really happy with their determination to assist us to finish the project on time. Thank you for putting in the extra effort as you made sure that you were on site even on a Sunday. Regards Zee	<u>Tholwana Sehloho</u> Sehloho Residences - Torch-on and Acrylic Waterproofing repairs M & T Cut and Seal has really improved my life. When one get a property that was under-loved and maintenance on the property was neglected, one sort of get an idea as to what you are diving into. I had no illusions as to what the work ahead was up until I started to try and seal the porous slab. Year on year during the rainy season I would have contractor after contractor to solve the problem. Product after product used to try and solve the problem but all failed. I was despondent and ready to forgo the home that i worked hard to restore, until I tried one more time and M&T solved the problem for me. I subsequently gained confident and further renovated the house and made it a more modern living space without fear of water damage to the modern furniture. Thank you, M & T, for restoring my faith in restoration projects. T S Civil Engineering Professional

recommendation letter M&T.pdf 	<u>Tjaart Booyens</u> The Hills House - Waterproofing and QA repairs. "The Only Mlanje Projects was contracted to repair construction faults that led to serious water leaks within our home. Firstly, Ms Mlanje did an inspection and pinpointed the problems quite clearly. Then she and her team professionally cleaned the areas of old material and repaired it properly, with no leaks occurring after repairs. The team always worked neatly and cleaned the working area behind them, leaving no trace of any construction work being done. We can recommend The Only Mlanje to anybody in need of such repairs"	<u>Livhuwani Nemusomber</u> Instratin Properties - Roof Torch-on Waterproofing M & T Cut and Seal has done a great job of roof waterproofing at one of our properties. Ms. Tela Mlanje led the team very professionally and completed the work neatly earlier than expected. I highly recommend them for any of your project's waterproofing.
